Who we are...

Sir Galloway Fabric Restoration, established in 1984, is a family owned and operated professional dry cleaner and restoration facility located in Miami, Florida. Sir Galloway is one of the largest catastrophe cleaners in the state, with the only permanently installed 250 Kilowatt generator with an automatic transfer switch. The territory covered by Sir Galloway is from the southern most tip of the state to the central part of Florida. Sir Galloway's 10,000 square foot plant (certified green cleaner) and two additional 2,500 square foot air conditioned restoration centers offer:

- **24/7 emergency responding**
- **Photo and video documentation**
- **Inspection, detailing and bar scanning of every item**
- **Both dry cleaning methods:**
 - **Hydro carbon (petroleum) / Perchloroethylene (perc)**
- **Wet cleaning**
- **Laundry**
- **Wash and Fold**
- **Hypo-allergenic cleaning fluids and soaps**
- **Hydroxyl**
- **Ozone**
- **Hand pressing**
- **Hot Head Presses**
- **Silk Presses**
- **We will restore items to pre-loss condition or there will be no charge**
- **Multiple inspections of finished items**

 valuable garments, trust only
 Sir Galloway Fabric Restoration.**

Our experts will...

- Handle your valued customer with personal care.
- Provide photo/video documentation.
- Provide on-site inventories (restorable and non-restorable).
- Provide the carriers with our custom "technical assistance program" in order to confirm items are restorable opposed replaceable.
- Obtain approval as well as signed work order authorizations.
- Provide within 72 hours or less, a detailed manifest, photo/video documentation and signed work order authorization.
- Price non-restorable items upon request.
- Have emergency items back to your insured within 3 days.
- Store finished items in air-conditioned / climate controlled facilities.
- Consult with independent laboratories.
- Attend appraisal or mediation as an expert.
